

TWO ROADS DIVERGE— WHICH DO YOU TAKE?

National Practice Test Weekend

Live Online and In Person Events

Saturday, November 12 & Sunday, November 13

The SAT® and ACT® are dual paths leading to one destination: your dream college. Both exams are accepted at all major colleges and universities, but each has its own advantages and challenges.

Our Combo Test combines questions from both the SAT and ACT and will help you blaze your path to test success.

Plan

Before you choose a path you'll want the lay of the land. As soon as you sign up, you'll receive information about both tests and what makes them different.

Explore

Test your skills on both tests at the same time. No need to strap on your hiking boots either, if you can't make it to one of our in person events, you can access our Combo Test online.

Adventure

Once you get your Combo Test results and discover the test that's right for you, all you need to do is prep. Check out our industry leading prep options here: [ACT](#) | [SAT](#)
